

“PURKHOO, LIBRARY CUM COMPUTER CENTRE

• Profile:

The Helpline Humanity Skill Development Centre located at Purkhoo Camp TRT was established in May 2025 with the aim of promoting computer literacy and basic digital skills among students of the local community. The centre provides training in essential computer applications such as MS Word, MS Excel, and MS PowerPoint, along with teaching the basic use of the internet for educational purposes. It was started to help students gain practical knowledge of computers and improve their learning opportunities. In addition to computer education, the centre also encourages students to participate in singing, dancing and activities, which help in developing their creativity and confidence. The centre also provides basic religious education to promote moral values and cultural understanding among the students. Under the supervision of the coordinator, Rava Devi, and with the support of volunteers, the centre regularly conducts computer classes and other activities that encourage students to develop useful technical, cultural, and moral skills for their education and future careers.
